**FROM THE
HOME OF**

SPICE UP WITH AFRICA'S MOST POPULAR BILTONG SEASONING

WE ALL KNOW that with its high concentration in amino acids, protein plays a significant role in growing, building and repairing muscles in our body.

WHAT YOU POSSIBLY DON'T KNOW is that, eaten in the right proportions, **BILTONG** is one of the best sources of protein. It's low in carbohydrates, contains fewer calories than most snacks, is low in fat, gluten-free and fuels the body with all the right vitamins and minerals to perform at peak.

IT THEREFORE COMES AS NO SURPRISE that biltong is a priority snack in the Springbok Team's "Practical Nutrition for Rugby" guide and an essential snack for most athletes... making it **ONE OF THE FASTEST GROWING IN THE SNACK CATEGORY**.

WE'RE HERE TO HELP! It's a philosophy that we, at Crown, live and breathe by. So we constantly work at bringing you a unique one-stop-shop for all your meat snack manufacturing needs, packed with the power of innovative, new ways of manufacturing and marketing your Safari meat snacks.

LET'S MEAT UP! Join us on an exciting adventure with one of the biggest and longest-standing brands - Safari.
