Sharks'

HANDS OF HOPE FLOOD RELIEF CAMPAIGN

"When we say, 'We are here to help', we mean it! Our Crown National – KZN Branch donated enough packets to contribute to at least 1200 meal hampers for the communities most affected by the recent floods in KZN. Our KZN Branch will also be assisting the Sharks' Hands of Hope with the distribution of these hampers. As always our EE Committee was on hand to assist."

-Jacques Visagie, KZN GM.

MESSAGE OF THANKS

"Hi Jacques and Team, I just wanted to say a huge thank you for the delivery. With each donation we become closer to our goal of making KZN great again. Thank you for making a difference through your compassion and generosity!"

Crown Their Staff

DURING THEIR GREEN MEETING

We had a very happy and exciting Green Meeting on Friday 22/4/22. Somehow, we all look forward to this monthly get together as it's a time when we know we will be relaxed, positive and motivated by Jacques' talk about the goings on in the company. It's also a time of appreciation, when staff and management acknowledge each other for their hard work and efforts. We also celebrate monthly birthdays with a happy clappy serenade including "lekker verjaar" especially from Jacques. This is generally rounded off with a good fellowship raffle where one staff member gets picked and declared a winner.

We had an Easter hamper raffle to raise funds for our EE kitty. Our winner was Seher Simjee!

Jacques and Johan Dreyer also handed out long service awards to the recipients who lost their certificates during the looting, last year.

Kinetic Pro Cycling

PLACED ON THE PODIUM AT WP CYCLING
ASSOCIATION CRITERIUM RACE**

“The Western Province Cycling Association Criterium race was held at Century City in Cape Town. Our Kinetic Pro Cycling team, sponsored by Six Gun Grill®, once again had the opportunity to showcase its cycling talent. Both men and ladies teams were represented, amongst the top teams in the Western Cape. The racing was hard and fast with continuous attacks from the top teams. BUT Kinetic Pro Cycling continued to be part of the action and spice things up, earning podium spots. Despite being the first leg of the series, our riders positioned themselves favorably for the up and coming races of the season. Riders that stood out on the day were Jessie Munton for the ladies, Jonathan Boucher, Jason Bruintjies and Carlo Engelbrecht for the men.”

-O’Ryan Bruintjies, Director Kinetic Pro Cycling
