

# Glazes

## Introduction

Meat glazes add value to all types of meat including beef, chicken, lamb and pork. They improve the eye-appeal of the meat at point of sale and add delicious flavours to the cooked product. Applied to the raw meat, our glazes can be chilled or frozen, adhering for up to a week. Once the meat is cooked the glazes remain intact for the shelf life of the product.

**DOSAGE:** Sprinkle the glaze on the meat. The glaze absorbs the juice of the meat, causing a sticky glaze to form. The use of all glazes is according to taste.

TOP SELLER

4 kg CODE: 4080002

PREPARATION: Cover product in breeding and fry in oil.

## So Good® Tempura Battermix

Light and fluffy batter with visuals of herbs.

4 kg CODE: 3693769

PREPARATION: Mix 1 part battermix with 3 parts water.

## So Good® Tender & Juicy

A passive brine that tenderises the chicken portions, making it more  
juicy and flavourful, and increases the weight of the meat.

4 kg CODE: 3693749

PREPARATION: Mix 1 part Tender & Juicy with 16 parts water.  
Marinate chicken pieces overnight or for at least  
2 hours.

# Rubs

## Introduction

A rub is a spice and/or herb mixture that is added to foods before cooking. Rubs function by absorbing the meat's own juices. When the rub is applied, the carriers will melt and the spices are carried into the meat by its own natural juices. Crown National's range of rubs are tasty and the perfect seasoning for any meat type.

DOSAGE: The use of all rubs is according to taste.

TOP SELLER

### Meister Club® BBQ Rub

Add amazing texture and flavour to your meat. Meister Club® BBQ Rub is perfect for Chicken, Pork, Beef and Lamb.
